

Brothers of Kappa Kappa Psi,

My name is Anthony Goodin and I am a fall 2017 initiate of the Nu Nu chapter at the University of Alabama. I am writing to state my intent to run for the office of National Vice President of Student Affairs. I am currently 29 years old and in my fourth year of college. I understand that if elected to serve the fraternity in this capacity, that I am responsible for devoting the time and energy necessary to the position, as well as upholding the duties and responsibilities prescribed by the National Constitution.

I am interested in the position of National Vice President of Student Affairs because I want to continue the work I have started as a Vice President of Membership. Being an advocate for not only my Chapter, but also for my District has reminded me that there is much more to Kappa Kappa Psi than just what an individual student accomplishes on a daily basis. I want to ensure that each Brother not only has their voice heard, but that everyone has the best fraternal experience possible. Over the past year of working through a global pandemic in conjunction with a civil rights movement, we have all had to learn how to address adversity. One thing I have learned from Brother Bang Co is that when you allow students to have their voices heard, there is a greater impact on their fraternal experience and it allows for a greater sense of self worth within the fraternity. In my opinion, this should be the larger part of this position that is being done on a day to day basis. If elected to the position, something new that I plan to contribute is establishing a space for students to feel safe and comfortable expressing their excitement, as well as possible frustrations, that they are experiencing as a Brother. The Vice President of Student Affairs should serve as a bridge between the active body and the National Council. To accomplish this, I plan to create an anonymous form that the National Council will all have access to. This form will help facilitate positive conversations within the Council as well as provide a way to address concerns that the student body may be experiencing. The reasoning behind this is that as it currently stands, a lot of the active body is uncomfortable with

communicating with the National Council. This is not to say that the National Council is a group of scary individuals, but the student body does not typically have a lot of one on one conversations with them, unless they are a chapter president or a member of their respective district council. This new line of communication would be accessible to the student body on the VPSA website that is currently in production. In addition to this, if elected, I plan to continue to expand on the work of the previous VPSAs such as the podcast, VPSA Chats, and working with the Student Advisory Committee.

Prior to starting college, I served in the United States Navy from 2011-2017. I was honorably discharged as an E-5 and my title was AME2 (AW) Goodin. My rate, or job, was Aviation Structural Mechanic, Safety Equipment and I worked on the F/A-18 Legacy Hornet, variants A-D, and the E-2 Hawkeye, variants C and D. My duties included maintenance, both scheduled and unscheduled, on forty and then five aircraft, respectively. The systems I was trained to work on were ejection seats, oxygen (both gaseous and liquid) systems, environmental control systems, wing de-ice systems, and fire detection and suppression systems. During my time in the Navy, I held a variety of job titles to include Work Center Supervisor, Collateral Duty Inspector, Quality Assurance Safety Observer, Training Petty Officer, Tool Control Petty Officer, Enlisted Aviation Warfare Specialist on both the F/A-18 and the E-2 Hawkeye, Flight Deck Observer, and Final Checker. During day to day operations, I was responsible for representing my workcenter and presenting our workload at beginning and end of shift maintenance meetings, training junior sailors on the proper maintenance manuals to use during job actions, and logging all training in our work center systems. During my time as a supervisor there were many occasions where I had to represent the Navy in a professional capacity. I worked with civilians and other members of the military during various training missions both land based and on aircraft carriers. I believe that these experiences have helped prepare me for the National Vice President of Student Affairs position because I have had to work in a professional capacity of varying degrees. I have worked side by side with civilians,

other enlisted personnel, and officers of all races, creeds, and sexualities to ensure that everyone has a voice that is heard and respected.

After being discharged in 2017, I began college at the University of Alabama. During my first semester, I was initiated and not long thereafter, I was elected as the Sergeant at Arms for the 2018-2019 school year. During my time as Sergeant at Arms, I was also responsible for being the Warden of Ritual and I was the head of the Jurisdiction Committee. As a committee, our job was to review the chapter constitution and ensure that it was in compliance with the District and National Constitutions and submit any changes that needed to be made to the chapter. During my time as Sergeant at Arms, I also began the transition from a paper constitution to a digital copy and making it more easily accessible to the chapter in the new format. During that school year, I was also the Finance Committee chair and I was responsible for taking minutes during each meeting and submitting them to the chapter and executive board within 48 hours of each meeting. For the 2019-2020 school year, I was elected as the Vice President of Membership. During my term as VPM, my main goal was to revamp how the chapter approached the Road to Wisdom, as well as making sure that our membership education curriculum was inline with the Road to Wisdom. While serving as VPM, I was also elected to serve on the United Greek Council. At the University of Alabama, any organization that has a membership education program and active recruitment process is required to be on a Greek Council. I was elected as the Vice President and my job dealt with the intake of new organizations into the Council and I was their spokesperson and advocate to the rest of the council, as well as the other Greek Councils and The Office of Fraternity and Sorority Life. After that term was completed, I continued to represent Kappa Kappa Psi by working in The Officer of Fraternity and Sorority Life. As a student worker, it was my responsibility to communicate via email and phone calls with various parents, students, and staff who had questions about Greek Life at the university. During my time in college, I have also had the privilege of serving as a section leader for the baritone section in the Million Dollar Band for three of my four years in the

program. I believe that my college experiences have prepared me for the position of VPSA due to working closely with not only my chapter as an Active Brother, but also with students not involved in Kappa Kappa Psi and being able to represent our organization in a positive light. My experiences with working in the Office of Fraternity and Sorority Life have helped prepare me because I have had to ensure that I am aware of the ways that other organizations operate on a university within their respective councils and their day to day operations.

Anthony Goodin is a Fall 2017 initiate of the Nu Nu Chapter at The University of Alabama and is working on his Bachelor of Science degree in Anthropology with a concentration in Archaeology of the Americas and a minor in Psychology. In addition to this, Anthony also served in the United States Navy as a Petty Officer Second Class Aviation Structural Mechanic, Safety Equipment working on F/A -18 A-D(Legacy) Hornets, E-2C/D Hawkeyes, and C-2 Greyhounds. His primary duties were scheduled and unscheduled maintenance on ejection seats, fire detection and suppression systems, oxygen systems, environmental control systems, and ordnance handling evolutions.

During his time as an Active Brother, Anthony has served as his chapter Parliamentarian, Warden of Ritual, Finance Committee Chair, Jurisdiction Chair, and Vice President of Membership. On the District level, Anthony has served as the Nu Nu Chapter Delegate at the 2019 Southeast District Convention, Delegate at the 2019 National Convention, and was on the Road to Wisdom Panel at the 2020 District Leadership Conference/Membership Education Retreat. Additionally, Anthony has represented Kappa Kappa Psi by being elected as the Vice President of the United Greek Council at the University of Alabama. After his term was completed, he continued to work in the Office of Fraternity and Sorority Life representing both Kappa Kappa Psi and the United Greek Council.

Currently, Anthony is the Southeast District Vice President of Membership and will be the student advisor for the Joint Action Committee at the 2021 Southeast District Convention. During his time as District VPM, Anthony has helped coordinate and execute multiple virtual rituals during the Covid-19 global pandemic as well as host Zoom calls for Chapter VPMs and Continuing Membership Education Officers.

I want to help ensure that our Brothers are proud of this fraternity and feel comfortable communicating when they feel as though changes need to be made. It is for these reasons that I believe that I am a noteworthy candidate for this position.

To Whom It May Concern,

It is my pleasure to recommend Anthony Goodin for the position of Vice President of Student Affairs for Kappa Kappa Psi.

I am Emily Hoskins, a Cultural Resources Specialist for the Office of Archaeological Research at The University of Alabama. I specialize in bioarchaeology and human osteology. I have worked for the University for four years, two years while working for my master's degree and two years as a full-time employee. In this time, I have had several student volunteers help work on archeological projects that include the analysis and inventory of human remains for NAGPRA (Native American Graves Protection and Repatriation Act). Anthony Goodin was one of those student volunteers to work on these projects.

Anthony has been a great student volunteer. He was organized, had good communication skills, and always had a good attitude. Anthony continuously showed a willingness to learn and increase his knowledge. He would take the time to research and learn about pathologies or traumas that he was unfamiliar with or just wanted to learn more about. Anthony was a quick learner and picked up on tasks related to the inventories of human remains and the organization of the collection at a swift pace. He would even help train new volunteers. While all these attributes were remarkable, the most impressive trait he expressed was his respect. The artifacts and human remains in these projects are culturally sensitive material and Anthony not only showed a high level of respect to the tribes in which these materials belonged to, but the remains themselves.

Anthony was a joy to work with, and he would excel in the role of Vice President of Student Affairs. If you need more information or an elaboration on anything, please contact me at 850-377-7456, or by email at elhoskins@ua.edu.

Sincerely,
Emily Hoskins

To Whom It May Concern,

I am pleased to recommend Brother Anthony Goodin for a position on the National Council of Kappa Kappa Psi. Brother Goodin has served in many roles within the Nu Nu Chapter and is currently serving as the Southeast District Vice President of Membership.

Anthony Goodin has served as the Nu Nu Chapters Sergeant at Arms and Vice President of Membership. During his time in these roles, Brother Goodin created and maintained a well-organized archive and portfolio. While serving as the Nu Nu Chapter Vice President of Membership, Brother Goodin overhauled the Membership Education Program to better align it with the procedures outlined in the Road to Wisdom and worked to educate Active Brothers on ways to continue improving our Membership Education.

Brother Goodin has helped grow our connection with other Chapters and with our University. Over the past few years, Brother Goodin has connected the Nu Nu Chapter to other Chapters within the Southeast District and has recently used his position as Southeast District Vice President of Membership to foster connections with Brothers outside of our district. While serving within our University's Office of Fraternity and Sorority Life, Brother Goodin served as an ambassador for our Chapter, and made new connections with other Greek Organizations on campus.

As the current Southeast District Vice President of Membership, Brother Goodin has successfully planned, negotiated, adapted, and executed a district event known as the Membership Education Retreat. Brother Goodin has also provided several informative lessons for current or future Vice Presidents of Membership and has made himself available to meet with Chapters on a more personal level.

I have no hesitations in recommending Brother Anthony Goodin for a National Position within Kappa Kappa Psi. Please feel free to contact me should you need any additional information.

Sincerely,

Laura Hatcher

KAPPA KAPPA PSI

MUSICIANSHIP • LEADERSHIP • SERVICE

To the Brothers of Kappa Kappa Psi,

I cannot picture a better candidate for the office of Vice President of Student Affairs than Anthony Goodin. Embodying the unswerving loyalty we herald as one of our brotherhood's greatest imperatives, Anthony has shown countless times that he is invested in every brother's experience and the strengthening of our fraternity. Anthony is not only an outstanding brother, but a delightful and accomplished person as well. He puts the needs of others before his own, and freely gives of his time for the betterment of the people and chapters around him. Having served with Anthony closely for the last year, I have seen his drive, professionalism, and vision firsthand and am sure that he would uphold and exceed the responsibilities of the office and strive constantly to better serve the fraternity.

I have primarily worked with Anthony through his service to the Southeast District as Vice President of Membership. In this time, Anthony has proved time and again to be dependable, communicative, meticulous, and enthusiastic in all of his endeavors. From planning countless virtual rituals to ensuring the success of the SED's Membership Education Retreat and District Leadership Conference, Anthony has never shirked in the face of challenges or adversity. Rather, he has and will continue to rise to the occasion and provide brothers with engaging, growth-oriented opportunities that constantly merit the highest of praise.

Anthony has had firsthand experience with the duties and responsibilities that are associated with the office of VPSA. Having been a district officer, he has attended all Student Advisory Committee meetings, ensuring he is aware of how these meetings can be run most efficiently and effectively. He is a frequent contributor to conversations surrounding ideas for the next biennium, strengthening the fraternity in the midst of a pandemic, and growing the student leaders on the committee. Additionally, Anthony regularly organizes zoom meetings for the Student Advisory Committee to socialize with each other, learn about how other districts and chapters around the country proceed with operations, and uplift each other in the midst of challenging times to be a leader. Of his own initiative, Anthony ensures that each member of the committee experiences true brotherhood, one of the greatest facets of our fraternity, and I am certain that he would continue to provide support for the students he leads for the duration of his term as VPSA.

Not only has Anthony been a valued member of the Student Advisory Committee, during his time as SED VPM he has worked with all districts to facilitate their various ritual and workshop needs. In the fall, Anthony volunteered countless hours planning and performing rituals for his own district, helping to lead the rituals of other districts, and volunteering as a guest speaker and workshop leader for various online fraternity conventions across all districts. Anthony cares about his chapter and his district, but his love for the fraternity knows no boundaries; he goes out of his way to meet and encourage brothers from all over the country. Like his many other talents, this is an invaluable skill that will easily lend itself to the duties of the office of Vice President for Student Affairs.

I wholeheartedly recommend Anthony Goodin for the office of VPSA. He has led with humility, poise, and confidence in the midst of unprecedented circumstances, taking every opportunity to be a difference maker and innovator in his position, and I have no doubt that he would do the same as Vice President of Student Affairs.

To Whom It May Concern,

It is a great honor to write this recommendation letter on behalf of Brother Anthony Goodin for the position of Vice President of Student Affairs. My name is Tar-Shae` Odom and I serve as the Southeast District President. I have the pleasure of serving with Anthony on the Southeast District Council where he serves as Vice President of Membership. With all due respect, writing this letter will not give much justice because for the past ten months I have learned both from and about this man.

Brother Goodin is a fall 2017 initiate of the Nu Nu Chapter at the University of Alabama, where he served as Sergeant at Arms and Vice President of Membership. During my time serving with him, I have seen his desire and willingness to serve our fraternity. I truly see why he was slated for the District President during our time running. However, Brother Goodin is a person that works for our students. He does not mind going out his way for his fellow brother to help them in any way possible for the betterment of our fraternity. Serving in this position is going to take someone that is going to be an advocate for the Active Body. It will take someone that is going to make sure that the students' voices are heard, but also keep it one hundred percent real.

Before writing this letter, I had to go back and read the description of the VPSPA position. I have no doubt that he can live up to those duties and go beyond. Anthony Goodin is a humble man that will not hesitate to ask for help, but also a hardworking man that will not stop until the work is done. I have full confidence that Brother Goodin will serve the position at its full capacity plus more. If you have any questions please feel free to contact me at sedpresident@kkpsi.org or oshae788@gmail.com.
